

Crash™ Team Racing Nitro-Fueled
FACT SHEET
As of June 9, 2019

PRODUCT DESCRIPTION:

Crash is back in the driver's seat in *Crash™ Team Racing Nitro-Fueled*! On June 21, 2019, get ready to go full-throttle with the legendary *Crash Team Racing* experience that kicked kart racing games into high gear. The fully-remastered *Crash Team Racing Nitro-Fueled* includes the modes, characters, karts, tracks, power-ups and controls that fans remember from the original game, plus a whole lot more. Fans will not only enjoy the kart racing fun of CTR but adding to the gameplay experience at launch will be redesigned and remastered characters, karts, tracks, battle arenas, and battle modes from *Crash™ Nitro Kart*. The muscle-memory will immediately kick in as players power slide, jump, and whiz around corners just like they did in the '90s.

KEY FEATURES:

- **Compete Online** – *Crash Team Racing Nitro-Fueled* brings fans together via online multiplayer racing. Up to eight players can race online and Crash the competition with online leaderboards. Players can choose from Crash, Coco, Dr. Neo-Cortex and more for their high-octane adventures.
- **CTR and Beyond** – When we said *Crash Team Racing Nitro-Fueled* was fully remastered plus a whole lot more, we meant it. Beenox has adapted all thirteen original tracks from *Crash™ Nitro Kart* and more to match the original CTR experience for fans. Now players can re-live the '90s with remastered characters, karts, battle arenas and battle modes from the original CNK in stunning HD glory.
- **Trick Your Ride and Racer** – *Crash Team Racing Nitro-Fueled* offer players a variety of ways to mix and match kart bodies, wheels, paint jobs, stickers, and even add decals to karts. In addition to the ability to customize karts, *Crash Team Racing Nitro-Fueled* will also let players customize their racers with N. sane character skins. This will allow players to adorn their characters with a zany sense of swag and personality. Also new to the experience are unique podium animations available to certain skins making celebrating victories even more amazing.

Players will earn customization items by playing through the Adventure Mode and also by collecting in-game Wumpa Coins to swag out their kart and characters in the game's Pit Stop area.

- **The Grand Prix** – With new seasonal content introduced to *Crash Team Racing Nitro-Fueled* players have many reasons to come back and play. A Grand Prix is a themed season built around a newly themed track and different game challenges. Completing each Grand Prix challenge awards Nitro that allows players to fill up their "Nitro Gauge" (XP), and earn rewards such as new characters, karts, skins and kart customization items. The track in each season can be played online or locally from that season on. But we didn't stop there, reimagined karts and inspired tracks from *Crash Tag Team Racing* are also sliding their way through the Grand Prix in *Crash Team Racing Nitro-Fueled*!

-

- **Fur-K Fur-Real** – This game has all the beloved characters, karts, power-ups, tracks and arenas from the original CTR, now in stunning **4K***, bringing an insane amount of detail and life to the game they remember.
- **Set the Mode** – Adventure, Single Race, Cup Race, Time Trial and Battle Modes are back. Now all multiplayer modes can also be played with friends both online and offline.
- **Nitros Oxide Edition** – In the *Crash Team Racing Nitro-Fueled - Nitros Oxide Edition*, the self-proclaimed fastest racer in the galaxy, Nitros Oxide**, will be a playable character from day one. Players can also race with Oxide's Hovercraft**, space-themed skins for Crash, Coco, and Cortex. Additional content includes:
 - Crunch, Zem and Zam characters**
 - Exclusive Crunch Robot Skin with unique podium animation
 - Exclusive kart paintjob
 - Exclusive kart sticker pack
 - Exclusive Hovercraft kart decal

**Crash Team Racing Nitro-Fueled will be upscaled to 4K on the PS4 Pro and Xbox One X, as well as in HDR on PS4, PS4 Pro, Xbox One X and Xbox One S.*

***Can also be unlocked in standard version of game through in-game challenges and rewards.*
